Commenting on the Offer, Padraic Fallon, Chairman of Euromoney, said:

"We are delighted to announce this recommended offer. This is an exciting opportunity to combine two of the UK's leading business-to-business and events companies where there is a strong strategic fit, particularly given the complementary mix of products such as Euromoney's Hedge Fund Intelligence and Metal Bulletin's MARHedge. In addition, there are several avenues for growth particularly from the cross-selling of each other's products, such as Metal Bulletin's BCA research to Euromoney's financial customers, and increased sponsorship and events revenues, as well as an enhanced platform for electronic publishing for customers across the world."

Anthony Selvey, Chairman of Metal Bulletin, said:

"We believe Euromoney's revised proposal at 400 pence cash per share fairly reflects the achievements and prospects of Metal Bulletin. The Offer also provides a level of value and, importantly, a degree of immediate certainty which we recognise as being important to our shareholders. We hope that as part of a larger group Metal Bulletin and its staff will continue to flourish and we will look for a smooth transition of ownership."

An analyst presentation will be held at 9:30 am on 4 August at the offices of Dresdner Kleinwort, 30 Gresham Street, London EC2P 2XY.

Arden Partners and Trillium Partners are acting as financial advisers to Metal Bulletin. Dresdner Kleinwort is acting as financial adviser to Euromoney.

Under the provisions of Rule 8.3 of the City Code, if any person is, or becomes, “interested” (directly or indirectly) in 1% or more of any class of “relevant securities” of Euromoney or Metal Bulletin, all “dealings” in any “relevant securities” of Metal Bulletin, (including by means of an option in respect of, or a derivative referenced to, any such “relevant securities”) must be publicly disclosed by no later than 3.30 p.m. (London time) on the London Business Day following the date of the relevant transaction. This requirement will continue until the date on which the offer becomes, or is declared, unconditional as to acceptances, lapses or is otherwise withdrawn or on which the “offer period” otherwise ends. If two or more persons act together pursuant to an agreement or understanding, whether formal or informal, to acquire an “interest” in “relevant securities” of Euromoney or Metal Bulletin, they will be deemed to be a single person for the purpose of Rule 8.3.

Under the provisions of Rule 8.1 of the City Code, all “dealings” in “relevant securities” of Euromoney or Metal Bulletin by Euromoney or Metal Bulletin, or by any of their respective “associates”, must be disclosed by no later than 12.00 noon (London time) on the London Business Day following the date of the relevant transaction.

“Interests in securities” arise, in summary, when a person has long economic exposure, whether conditional or absolute, to changes in the price of securities. In particular, a person will be treated as having an “interest” by virtue of the ownership or control of securities, or by virtue of any option in respect of, or derivative referenced to, securities.

Terms in quotation marks are defined in the City Code, which can also be found on the Panel's website. If you are in any doubt as to whether or not you are required to disclose a “dealing” under Rule 8, you should consult the Panel.

Recommended Final* Cash Offer for Metal Bulletin plc ("Metal Bulletin")
by Euromoney Institutional Investor (Ventures) Limited ("Euromoney Ventures"), a subsidiary of Euromoney
Institutional Investor PLC ("Euromoney")

1. Introduction

The boards of directors of Euromoney and Metal Bulletin are pleased to announce that terms have been agreed for a recommended final* cash offer for the entire issued and to be issued share capital of Metal Bulletin.

* Note: Euromoney reserves the right to increase its Offer in the event that a competitive situation arises as described in Note 3 to Rule 32.2 of the Takeover Code.

2. Terms of the Offer

Under the terms of the Offer, which will be subject to the conditions and further terms set out in Appendix I of this document and full terms and conditions that will be set out in the Offer Document, Metal Bulletin Shareholders will be entitled to receive 400 pence in cash for every Metal Bulletin share held.

This Offer values the existing issued ordinary share capital of Metal Bulletin at approximately £221 million.

A partial share alternative, which is described in more detail in paragraph 3 below, will also be made available to Metal Bulletin Shareholders (other than to Restricted Overseas Persons).

Under the terms of the Offer, Metal Bulletin Shareholders will be entitled to receive the Metal Bulletin interim dividend expected to be declared by no later than 29 August 2006. Euromoney confirms that in all discussions with the board of Metal Bulletin it has been accepted that this interim dividend would be retained by the Metal Bulletin Shareholders. In addition, subject to the date on which the Offer becomes wholly unconditional and in each case the date of the relevant acceptance of the Offer, for those Shareholders who elect to receive a proportion of their consideration in new Euromoney shares, such shares will be eligible to receive Euromoney's final dividend for the year ending 30 September 2006.

A loan note alternative will also be made available to Shareholders (other than to Restricted Overseas Persons). Further details of the Loan Note Alternative are set out in paragraph 4 below.

The Offer represents:

- a premium of 32.7 per cent. to Metal Bulletin's closing share price of 301.5 pence on 14 July 2006, the last Business Day prior to Euromoney's original approach; and
- a premium of 34.0 per cent. to Metal Bulletin's share price of 298.5 pence at the close of business on 23 June 2006, the last Business Day before Metal Bulletin and Wilmington announced the terms of their merger.

3. Terms of the Partial Share Alternative

Metal Bulletin Shareholders (other than Restricted Overseas Persons) are also being offered a Partial Share Alternative allowing them to elect to tender any proportion of their Metal Bulletin Shares in exchange for ordinary shares in Euromoney, in lieu of a corresponding part of the cash consideration to which they would otherwise be entitled under the basic terms of the Offer. For the purposes of the Partial Share Alternative, each Consideration Share will have an assumed value of 394.75 pence which was Euromoney's closing share price on 25 July 2006, the last Business Day before the announcement made by Euromoney of the final proposed recommended offer for Metal Bulletin. The Partial Share Alternative will be subject to not

more than 14 million new Euromoney shares being issued under elections for the Partial Share Alternative. This would represent approximately 25 per cent. of the total value of the Offer based on Euromoney's closing share price as at 25 July 2006.

If elections under the Partial Share Alternative are made for more than 14 million Consideration Shares, each Shareholder who has made such an election will have their elected proportion reduced on a pro rata basis such that the total number of Consideration Shares being issued does not exceed 14 million.

If the maximum number of Consideration Shares were issued, then the cash component of the Offer would be £165.7 million.

The Partial Share Alternative is conditional upon the Acquisition becoming effective and further details of the Partial Share Alternative will be included in the Offer Document.

Fractions of Consideration Shares will not be allotted or issued to Shareholders accepting the Offer and electing for the Partial Share Alternative. Fractional entitlements to new Euromoney shares will be rounded down and paid in cash.

4. Terms of the Loan Note Alternative

Shareholders (other than Restricted Overseas Persons) will be entitled to elect, as an alternative to all or part of the cash consideration to which they would otherwise be entitled under the Offer, to receive Loan Notes issued by Euromoney on the following basis:

For every £1 of cash consideration	£1 nominal of Loan Notes
------------------------------------	--------------------------

The Loan Notes, which will be governed by English law, will be unsecured obligations of Euromoney. The Loan Notes will bear interest from the date of issue to the relevant holder of Loan Notes payable every 6 months in arrears (less any tax required by law to be deducted or withheld therefrom) on 30 June and 31 December in each year, at a rate per annum calculated to be 0.75 per cent. below LIBOR as determined on the first Business Day of each such interest period.

The Loan Notes will be redeemable at par (together with accrued interest) at the option of the holders, in whole or in part, on interest payment dates commencing on 30 June 2007. Any Loan Notes outstanding on 31 December 2016 will be redeemed at par (together with any accrued interest) on that date. Euromoney may elect to redeem any Loan Notes on any earlier interest payment date if on or after 30 June 2007 the aggregate nominal value of the Loan Notes then outstanding is less than £50,000, or in certain limited circumstances. The Loan Notes will only be transferable in limited circumstances and no application has been, or will be, made for them to be listed, traded or dealt with on any stock exchange. Holders of the Loan Notes shall have the option to require Euromoney to redeem the Loan Notes in a currency other than sterling on the terms to be set out in the instrument constituting the Loan Notes.

The Loan Notes will be issued in integral multiples of £500 nominal. Fractional entitlements to Loan Notes will be disregarded and will not be issued. Euromoney reserves the right not to issue the Loan Notes where valid elections are received for an aggregate of less than £100,000 in aggregate nominal value of Loan Notes by the time the Offer has become or is declared unconditional in all respects. If insufficient elections are received, Shareholders who elected to receive Loan Notes will instead receive cash consideration in accordance with the terms of the Offer.

The Loan Notes to be issued pursuant to the Offer have not been, and will not be, registered under the US Securities Act or under the securities laws of any state or other jurisdiction of Australia, Canada, Japan or the United States. Accordingly, the Loan Notes may not (unless an exemption under the relevant securities law is applicable) be offered, sold, resold, delivered or transferred, directly or indirectly, in or into Australia, Canada, Japan or the United States (or any other jurisdiction if to do so would constitute a violation of the relevant laws of, or require registration thereof in, such jurisdiction) or to, or for the account or benefit of a person located in Australia, Canada, Japan or the United States.

The Loan Note Alternative will be conditional on the Offer becoming or being declared unconditional in all respects and will remain open for so long as the Offer remains open for acceptance. Full details of the Loan Notes and the Loan Note Alternative will be contained in the Offer Document and the Form of Acceptance.

5. Background to, and reasons for, the Offer

Since 2001, Euromoney has consistently and successfully followed its stated strategy:

- ▶ to grow profits by driving top line growth from both new and existing products;
- ▶ to reduce its dependence on advertising by building more robust subscription and repeat revenues;
- ▶ to build a strong presence in the electronic distribution of information and data;
- ▶ to improve operating margins; and
- ▶ to make acquisitions to strengthen Euromoney's market position in key areas.

The acquisition of Metal Bulletin represents a significant step forward in the implementation of this strategy. Metal Bulletin is a high-quality, high-margin, subscription and data-driven business information provider and events company. It has leading brands and strong market positions in its chosen specialist sectors. The Euromoney board believes that the acquisition of Metal Bulletin creates one of the world's leading business-to-business information and events companies focussed on financial and metals markets. The transaction will consolidate their respective leading positions in specialist business information markets based on a strong portfolio of powerful brands.

In addition, the board of Euromoney believes that the following significant benefits will accrue to the Enlarged Group from the acquisition:

The creation of a high-quality, well-balanced business with greater visibility of revenues

The acquisition combines Euromoney's existing strengths in events and sponsorship with Metal Bulletin's successful track-record of building subscription-based revenue models. Based on the latest annual results for Euromoney and Metal Bulletin, the pro forma combined group would have a well-balanced split of revenues with approximately 32% derived from subscription-based products, 35% from events and sponsorship income and 26% from advertising.

Excellent strategic fit

The board of Euromoney has long admired the operations of Metal Bulletin, know their people well and believe the two businesses represent an excellent strategic fit. The combination will create a well-aligned portfolio of branded products and services addressing complementary markets and customers across their specialist fields. In addition, the board of Euromoney believes that the close alignment of the businesses will make for a low-risk integration process.

Significant cross-selling opportunities and revenue synergies

The complementary nature of the businesses provides for significant opportunities to enhance revenues through the cross-selling and up-selling of products and services to the Enlarged Group customer base. In particular, the board of Euromoney believes such opportunities exist in respect of BCA and ISI; *Futures and Options Week* and *EuroWeek* and *Derivatives Week*; and also MAR Hedge and Hedge Fund Intelligence and *Institutional Investor*. In addition, the board of Euromoney believes there is a significant opportunity to leverage Euromoney's strengths in sponsorship and events to increase revenues from Metal Bulletin's businesses.

Enhanced international growth opportunities, particularly in emerging markets

Euromoney has offices in 22 countries worldwide, with particularly strong representation in the US, South America, Eastern Europe and Asia, including India and China. Metal Bulletin now has offices in six countries. The board of Euromoney believes there is an opportunity to leverage its international infrastructure and expertise to increase the penetration of Metal Bulletin products and services in these territories, particularly in key emerging markets in Asia and Eastern Europe.

Operational efficiencies and cost synergies

The acquisition is expected to generate certain operational efficiencies and economies of scale, leading to significant cost synergies for the benefit of the Enlarged Group. The board of Euromoney expects these to include:

- ▶ improved buying terms from major suppliers, particularly across print, distribution, venues, information technology and third-party data;
- ▶ lower customer acquisition and marketing costs from merged databases and cross-selling opportunities; and

- ▶ overhead savings including *inter alia* public company overhead, information technology, property and insurance.

Enhanced opportunities for electronic delivery of products

In recent years both Euromoney and Metal Bulletin have significantly developed the digital delivery of content and services to customers. This includes Euromoney's creation of an electronic Business Library and Metal Bulletin's on-line price discovery and news services across its major brands. The board of Euromoney believes that the Enlarged Group is therefore well-positioned to benefit from this investment through:

- ▶ enhanced customer retention due to the delivery of timely and value-added data to the desk-top;
- ▶ improved business models from lower delivery costs; and
- ▶ a strong platform from which further to develop its electronic content.

Enhanced scale and acquisition opportunities

The board of Euromoney continues to believe that acquisitions will create opportunities for the future development of the Enlarged Group. The board believes that through its enhanced operational and financial scale, the Enlarged Group will be better placed to take advantage of in-fill acquisition and organic growth opportunities.

6. Financial Effects of the Acquisition

The Acquisition is expected to be earnings enhancing for Euromoney in its financial year to 30 September 2007, the first full year following completion of the Acquisition¹. Given the benefits of the Acquisition outlined above, Euromoney is confident of the financial and trading prospects of the Enlarged Group.

As stated in the interim unaudited financial statement of Euromoney at 31 March 2006, Euromoney had net debt of £75.5 million. As at 31 December 2005, Metal Bulletin had net debt of £6.2 million.

¹ This statement should not be interpreted to mean that earnings per share will necessarily be greater than those for the relevant preceding financial period of either Euromoney or Metal Bulletin.

7. Background to, and reasons for, the recommendation

On 26 June 2006, Metal Bulletin announced a proposed nil premium merger with Wilmington which the directors of Metal Bulletin considered to represent an excellent opportunity to bring together two groups that are performing strongly in buoyant business information and professional training markets to create an excellent platform from which to drive growth in shareholder value.

Subsequent to that date, Metal Bulletin received an initial approach from Euromoney which has culminated in the announcement today of a recommended cash offer on behalf of Euromoney for the entire issued and to be issued share capital of Metal Bulletin at 400 pence per share.

In comparing the Offer by Euromoney Ventures with the original merger proposal, the directors of Metal Bulletin believe that the Offer provides Metal Bulletin Shareholders with certainty of value at an appropriate level reflecting the achievements and prospects of Metal Bulletin.

The Offer represents a premium of 32.7 per cent. to Metal Bulletin's closing share price of 301.5 pence on 14 July 2006, the last Business Day prior to Euromoney's original approach, and of 34.0 per cent. to Metal Bulletin's share price of 298.5 pence at the close of business on 23 June 2006, the last Business Day before Metal Bulletin and Wilmington announced the nil premium merger.

In light of the above, the directors of Metal Bulletin consider the terms of the Offer to be fair and reasonable.

8. Recommendation

The directors of Metal Bulletin, who have been so advised by Arden Partners and Trillium Partners, consider the terms of the Offer to be fair and reasonable. However, the directors of Metal Bulletin do not express any view on the terms of the Partial Share Alternative. In providing their advice, Arden Partners and Trillium Partners have taken into account the commercial assessments of the directors of Metal Bulletin.

In coming to this recommendation, the Metal Bulletin Directors have taken account of the proposed merger between Metal Bulletin and Wilmington but the Metal Bulletin Directors have decided that, in view of the value of the offer from Euromoney Ventures, they should recommend Euromoney's offer.

Accordingly, the directors of Metal Bulletin will unanimously recommend to Shareholders to accept the Offer as they have irrevocably undertaken to do (as soon as they are contractually permitted to) in respect of 473,510 of their own Shares (representing approximately 0.9 per cent. of the existing issued share capital of Metal Bulletin).

9. Undertakings and letters of intent to accept the Offer

The directors of Metal Bulletin have, conditional upon being released from certain other undertakings which such persons have given, agreed that they will enter into undertakings to accept the Offer in respect of Shares they hold amounting to 473,510 Shares, representing approximately 0.9 per cent. of the existing issued ordinary share capital of Metal Bulletin. These undertakings will cease to be binding only if the Offer lapses or is withdrawn and remain binding in the event that a higher competing offer for Metal Bulletin is made.

Euromoney has also received irrevocable undertakings to accept the Offer in respect of a total of 7,585,459 Shares, representing approximately 13.7 per cent. of the existing issued share capital of Metal Bulletin. These undertakings will lapse:

- (a) in the case of undertakings received in respect of 2,335,000 Shares, representing approximately 4.2 per cent. of the existing issued share capital of Metal Bulletin, if a third party announces a non pre-conditional cash offer in accordance with Rule 2.5 of the Code at a value equal to or in excess of 420 pence per Share plus the amount of any Interim Dividend, or if the Offer lapses or is withdrawn;
- (b) in the case of undertakings received in respect of 3,303,283 Shares, representing approximately 6.0 per cent. of the existing issued share capital of Metal Bulletin, if a third party announces a cash offer in accordance with rule 2.5 of the Code at a value equal to or in excess of 420 pence per Share, or if the Offer lapses or is withdrawn; and
- (c) in the case of undertakings received in respect of 1,947,176 Shares, representing approximately 3.5 per cent. of the existing issued share capital of Metal Bulletin, if a third party announces an offer in accordance with Rule 2.5 of the Code at a value equal to or in excess of 410 pence per Share (plus the amount of any interim dividend), or if the Offer lapses or is withdrawn.

In addition, Euromoney has received letters of intent to accept the Offer in respect of a total of 9,092,130 Shares, representing approximately 16.5 per cent. of the existing issued ordinary share capital of Metal Bulletin.

Accordingly, Euromoney has received irrevocable undertakings, letters of intent or conditional commitments to enter into undertakings on the terms set out above in respect of, in aggregate, 17,151,099 Shares, representing 31.0 per cent. of Metal Bulletin's existing issued share capital.

Further details of these undertakings and letters of intent are set out in Appendix III to this announcement.

10. Euromoney Extraordinary General Meeting

The Acquisition is a Class 1 transaction for Euromoney under the Listing Rules and is therefore conditional, *inter alia*, on the approval by Euromoney shareholders of the Acquisition at an extraordinary general meeting. Accordingly, a circular convening the extraordinary general meeting will be posted to Euromoney shareholders when (or shortly after) the Offer Document is posted to Metal Bulletin Shareholders. The directors of Euromoney intend to vote in favour of such necessary resolutions in respect of all their registered, beneficial holdings of shares in Euromoney.

In addition, an irrevocable undertaking to vote in favour of the necessary resolutions has been received from Daily Mail & General Trust plc in respect of 62,147,624 Euromoney shares, representing 69.8 per cent. of Euromoney's existing issued share capital.

11. Financing the Offer

The cash consideration payable under the Offer will be funded by a loan to Euromoney from a subsidiary of Daily Mail & General Trust plc, Euromoney's principal shareholder. Daily Mail & General Trust plc has arranged bank facilities from a number of third party banks to facilitate the loan to Euromoney.

The total cash consideration payable on a fully diluted basis would be approximately £224.6 million.

Dresdner Kleinwort, financial adviser to Euromoney, is satisfied that the necessary financial resources are available to Euromoney to enable the cash consideration payable to Metal Bulletin Shareholders under the terms of the Offer to be satisfied in full.

Generally, the words “will”, “may”, “should”, “continue”, “believes”, “expects”, “intends”, “anticipates” or similar expressions identify forward-looking statements. The forward-looking statements involve an assessment of risks and uncertainties that could cause actual results to differ materially from those expressed in the forward-looking statements. Many of these risks and uncertainties relate to factors that are beyond the abilities of either Euromoney or Metal Bulletin to control or precisely estimate, such as future market conditions and the behaviours of other market participants and, therefore, undue reliance should not be placed on such statements. Euromoney and Metal Bulletin assume no obligation and do not intend to update these forward-looking statements, except as required pursuant to applicable law.

To the extent permitted by applicable law and in accordance with normal UK practice, Euromoney or their respective nominees, or brokers (acting as agents) may from time to time make certain purchases of, or arrangements to purchase, Shares otherwise than under the Offer, such as in open market or privately negotiated purchases. Dealing Disclosure Requirements

Under the provisions of Rule 8.3 of the City Code, if any person is, or becomes, “interested” (directly or indirectly) in 1% or more of any class of “relevant securities” of Euromoney or Metal Bulletin, all “dealings” in any “relevant securities” of Metal Bulletin, (including by means of an option in respect of, or a derivative referenced to, any such “relevant securities”) must be publicly disclosed by no later than 3.30 p.m. (London time) on the London Business Day following the date of the relevant transaction. This requirement will continue until the date on which the offer becomes, or is declared, unconditional as to acceptances, lapses or is otherwise withdrawn or on which the “offer period” otherwise ends. If two or more persons act together pursuant to an agreement or understanding, whether formal or informal, to acquire an “interest” in “relevant securities” of Euromoney or Metal Bulletin, they will be deemed to be a single person for the purpose of Rule 8.3.

Under the provisions of Rule 8.1 of the City Code, all “dealings” in “relevant securities” of Euromoney or Metal Bulletin by Euromoney or Metal Bulletin, or by any of their respective “associates”, must be disclosed by no later than 12.00 noon (London time) on the London Business Day following the date of the relevant transaction.

A disclosure table, giving details of the companies in whose “relevant securities” “dealings” should be disclosed, and the number of such securities in issue, can be found on the Takeover Panel's website at <http://www.thetakeoverpanel.org.uk>.

“Interests in securities” arise, in summary, when a person has long economic exposure, whether conditional or absolute, to changes in the price of securities. In particular, a person will be treated as having an “interest” by virtue of the ownership or control of securities, or by virtue of any option in respect of, or derivative referenced to, securities.

Terms in quotation marks are defined in the City Code, which can also be found on the Panel's website. If you are in any doubt as to whether or not you are required to disclose a “dealing” under Rule 8, you should consult the Panel.

Waiver of Conditions

Subject to the requirements of the Panel, Euromoney reserves the right to waive in whole or in part all or any of conditions (d) to (k) inclusive. Conditions (b) to (k) inclusive must be satisfied as at, or waived on or before, the 21st day after the later of the first closing date of the Offer and the date on which condition (a) is fulfilled (or, in each case, such later date as the Panel may agree). Euromoney shall be under no obligation to waive or determine to be, or treat as, fulfilled, any of conditions (e) to (k) inclusive by a date earlier than the date specified above for the fulfilment thereof notwithstanding that the other conditions of the Offer may at such earlier date have been waived or fulfilled and that there are at such earlier date no circumstances indicating that any of such conditions may not be capable of fulfilment.

If Euromoney is required by the Panel to make an offer for Shares under the provisions of Rule 9 of the City Code, Euromoney may make such alterations to the terms and conditions of the Offer as are necessary to comply with the provisions of that Rule.

Further Terms of the Offer

The Offer will lapse (unless otherwise agreed by the Panel) if the Office of Fair Trading of the United Kingdom makes a reference in respect of the Offer or any matter arising therefrom or related thereto to the Competition Commission before 1.00 p.m. (London time) on the first closing date of the Offer or the date on which the Offer becomes or is declared unconditional as to acceptances, whichever is the later. If the Offer so lapses, the Offer will cease to be capable of further acceptance and accepting Shareholders and Euromoney will cease to be bound by Forms of Acceptance submitted before the time when the Offer lapses.

The Shares that are subject to the Offer will be acquired by Euromoney fully paid and free from all liens, charges, equitable interests, third party rights and interests and encumbrances and together with all rights now and hereafter attaching thereto, including the right to receive all dividends and other distributions (if any) declared, made or paid after the date of the announcement of the Offer, other than the interim dividend in respect of Shares to be announced by Metal Bulletin by no later than 29 August 2006.

The Offer and, where relevant, the Loan Note Alternative, and the Partial Share Alternative will be on the terms and will be subject, *inter alia*, to the conditions which are set out in this announcement and in this Appendix 1 and those terms which will be set out in the Offer Document and in relation to the Loan Note Alternative and the Partial Share Alternative, in the Form of Acceptance and such further terms as may be required to comply with the Listing Rules and the provisions of the City Code. The Offer and the Loan Note

Alternative and the Partial Share Alternative and any acceptances and elections thereunder will be governed by English law.

Euromoney reserves the right to elect, with the consent of the Panel and Metal Bulletin, to implement the Offer by way of a scheme of arrangement between Metal Bulletin and the Shareholders under section 425 of the Companies Act. In such event, any such offer(s) will be implemented on the same terms (subject to appropriate amendments, including (without limitation) a condition relating to the approval of such a scheme by the requisite majority at the court meeting for approval of such a scheme).

The availability of the Offer to persons not resident in the United Kingdom may be affected by the laws of the relevant jurisdictions. Persons who are not resident in the United Kingdom should inform themselves about and observe any applicable requirements.
